Around The Camp

Most of the boys in camp can takeit;if they could not they would not remain in camp.However there are some things that go across the grain to any one.A man's name is his own,and no one else is entitled to use it.Still there are some boys in camp who are known in Sarasota under the names of other boys in camp.This should stop.If you do not wish to use your own name in town stay in camp.

To-day is an eventful day to everyone in camp.It marks the second anniversary of the Civilian Conservation Corp.It is a good time to look back a little.

During the past two years a lot of water has flowed under the bridge.Boys have enlisted and their terms have expired.Officers,Foresters and Park Service men have come and gone.The Company has had three commanding officers while in the field and everyone of these have been upright and just.We do not believe there is anyone in camp who has a just complaint against any officer or forester.

In July the editor arrived in camp in the company of sixty two recruits from the East Coast and the Okeechobee region.Of these scarcly twenty remain,and fourteen who came from Miami at the same time,only five are now in camp.

Of those who remain;some have received ratings,others are working for ratings and others are just were they started.But all - Both those with ratings and those without,will - we beleive - never regret the time spent in the Civilian Conservation Corp.

We have been having some mighty nice dances lately.There have been nice girls - and plenty of them - at all the dances.We are glad to welcome them at the dances and hope that they will continue to come.They will not come to the dances if rowdyism such as was exhibit- at the last dance continues to prevail.So remember this,if you have any differences to-night, wait until tomorrow to settle them.

THE NEWS OF THE WEEK

DE SILVESTRI RETURNS

Rupert De Silvestri (Tony the Wop to you)returned from the Veterans hospital in St. Petersburg, Wednesday. He was confined in the hospital eighteen days, under observatinn for tonsilitis. Tony looks something like a white man now, that he has lost his tan.

Lack of room at the hospital made it necassary for him to return to camp. He may return to the hospital in four weeks for a tonsil operation.

ALL RE-ENROLL

Headquarters saw a little excitment Tuesday night as every member of Company 1421 re-signed enlistment papers.Everyone signed for six months or less,dependent on the action Congress takes in regard the $4,800,000,000 appropiated for relief.It is almost a foregone conclusion that Congress will vote to continue the CCC as it is now,unless it is decided to enlarge it.

Mozell McCullers is still in the hospital at St.Petersburg.

PROFESSOR MCFARLAND

Company 1421 entertained a distinguished visitor last week in the person of Professor McFarland a boatnist stationed at the Sebring cam camp.

He visited the camp in order to obtain several specimens of the wood and brush of this section to be placed on view at the boatnical gardens in Sebring.The exhibition will contain every variaty of wood and brush native to Florida as well as variaties introduced into the state as experiments.

During his visit,Professor McFarland had the rare good fortune to view a species of palm,which has only been known to have been seen by three persons.He also obtained six colors of the wild iris.

BARRACK FOUR STILL AHEAD

The leaders seem to be doing a good job down in number four barrack Number four has copped the prize four all but the first week when barrack two the prize.All barracks gave some stiff competition to four but none were quite good enough. Better luck next time.

Boys Will Be Boys

We came very near losing our comrade"Smokey Joe" a few days ago.It all happened because he did not have the price of a show ticket.

"Smokey"was strolling down the street dreaming of bygone days when he met a sweet young dame,who had a beautiful drug store complexion.She cast her bewitching eyes in his direction and"Smokey"fell like a ton of bricks.

Now"Smokey"Has a girl and no money,however he has been busted so long he is used to it now,and knows how to get by. She says there is a good show on and he says let's go see.After looking over the posters,he tells her he can not go in to see it,because; as a little boy he had a dog like the one on the poster.One he and the dog were playing a game called"Bite",and he bit his dog's tail off.Everytime he sees a dog like Jack ,it makes him so sad,he can't enjoy the picture.They go for a stroll;while passing a store she sees some dresses,and wants"Smokey"to buy her one.In they went;the saleslady asked what they wanted.Smokey said he wanted to buy his girl a dress. She asked,"what bust?" Smokey said I didn't hear anything, did you?

While passing by the ice cream parlor the lady says let's go in side. Smokey says O.K.. He went in and asked for a match. The girl slips off and leaves him.

The last I saw of him he was k on his knees asking the Statue of Liberty for a date.

Morgan and Shugars tookna shower last Wednesday and the other boys had to wait until they had finished to take their bath.

Eddie Wallace seems to resent his girl friends visiting him. Pay it no mind Eddie and make up.

TENNIS TOURNAMENT

If sufficent interest is shown a tournament will be arranged to give the racketers in camp an opportunity to show what they can do on the courts.

Mr.Stem is handling the details and all who are interested should see him.It will depend on the number who sign up wheather it will be an elimination or round-robin affair.Sunday will be the time of the practice,and the tourney will be held Tuesday at three O'clock in Sarasota.

FISHING TRIP

Nilo Menendez,Edward Quintana, Eddie Gonzalez went out with Larry Sanders,king fishing.They spent all Saturday night and most of Sunday on the water.No fish were caught but all had a good time.

More Fish

Mr.McWhorter,Mr.Regan and Mr. Stem made a short trip to the upper lake Thursday evening and returned with thirty fish.

RATTLERS WIN 13-0

Sunday was a fortunate day for the baseball team in general and Quesada in particular.He started for the "Rattlers" and allowed but three hits and no runs in the four innings he worked.

Taylor and Crowley on the mound for Osprey were both wild.Three walks and two hits in the second, saw Crowley replace Taylor.Crowley could do no better,walking three before the canto ended.Eight runs were scored in that wild frame.

Cone took the slab for the final inning and kept up the good work, donating but one single.

Well, another week after next and another dance. So our bi-weekly dance swings under way at nine thirty o:clock tonight.

As usual the case, the trucks will go to near-by towns to bring the girls. A large group is expected from Sarasota, Bradenton and Arcadia. Up to the last dance Arcadia seemed to be one of our strongest supporters, we hope that they keep up the good work.

Incidentally I don't think that you've seen many Bradenton girls at the last dance. The reason for this was the late arrival of the trucks, but any way why bring that up, we just hope that this will not happen again and we also wish to see a large attendance from Bradenton.

I really would not be surprised if you get tired of reading about the dances, so far we've printed a dance article every week, last week we've told you haw good the last dance was, this week we are telling you all about the coming dance and Etc Etc.

Hardworking Moody couldn't Take the bridge crew. It's a good thing that we now have a ping-pong table, so the boy can get some exercise.

By the way, these illustrations at the head of the page have no bearing on the text. The just struck the fancy of the editorial staff.

So Gimpy took the nail out of his shoe Friday night and went to town. Better be careful Bill, the company may get a little work out of you yet.

Shorty Jenkins asked Dickey the other day: "Dickey! what makes you think that you are a great lo-ver?"
Dickey replied: "Well I satisfy the girls so much that theynever have to come back for more"

"ALL ABOUT de ANGELUS"

Francis Millet painted the Angelus in the year 1859. The patron for whom it was painted became disappointed in to - as patrons do - and refused to purchase it. You are a C.C.C., you will understand why Millet, needing the money sold this great painting for only $500. Only, you say. Yes, we repeat - only 500 smakcers. And thirty years later in 1889, count 'em, it sold for $110,000. at auction to a representative of the French Gov't. The representative must have been lost in a fog because the French Gov&t refused to radify the purchase, but it was later purchased for $160,000. by M. Chanchard, a Frenchman.

What of Millet the painter? You are right, he starved to death old artistic custom - but Millet the artist was better than his best painting (which is unusual for artist). What fame he gained he earned by honest sweat, he didn't A.K. anyone for his reputation. He was born on a farm in France. His God mother sent him to Paris to study, she said, "You will be an artist, but don't forget that you are a christian first." He didn't. He was one of the best figure painters of his day but he heard this conversation take place between two women before one of his nude paintings; "Who painted that?". "Millet". "Who?" "Millet, he's the one who always paints naked women." Millet never painted another nude. He didn't paint another "unless he had something to say". He believed sincerety to be the most important attribute ti an artist. "If you dont believe a fact yourself, you cant convince others of its truthfulness."

He was a farmer and painted farmers as men he understood, he painted then with sincerety and appreciation. Millet didn t believe in pretty pictures, the idea was the important thing, all else was subordinate to this. He the poor, the plain, the simple ordinary people and conditions of life. Millet was a painter and Millet was a man.
